EXPERIENCE

Remote Internship, Full Stack Web Developer Mar 2023 – May 2023
ITSkillXpress

- Collaborated on web application development and testing using React and Node.js.
- Designed and implemented RESTful APIs for seamless front-end and back-end integration.
- Conducted API testing with Postman to ensure functionality and reliability.
- Optimized code for performance and resolved debugging issues.

Self-Employed, Freelance Web Developer

2023 – Present

- Independently built front-end and full-stack projects, including e-commerce and AI-driven applications.
- Developed responsive, scalable web solutions using modern technologies.
- Managed project lifecycles from design to deployment, ensuring timely delivery and client satisfaction.

PROJECTS

Sofia – AI Assistant

- Built an AI-powered chatbot using Node.js and MongoDB for efficient data storage.
- Integrated natural language processing to enhance user interaction.

Chatoard – Real-Time Chat Application

- Developed a full-stack chat app with React, Node.js, Express, and MongoDB.
- Implemented WebSocket for real-time communication and secure authentication.

Netflix Series Clone – The Glory

- Created a responsive front-end clone using HTML, CSS, and JavaScript.
- Ensured pixel-perfect design and smooth user experience.

E-Commerce Store – Coza Store

- Built a full-stack e-commerce platform with React and Node.js.
- Implemented product filtering, cart functionality, and secure payment integration.

Food Delivery App

- Designed a responsive front-end with React and CSS.
